AMAZING ELECTRIC

DIFFERENT, INNOVATIVE, UNIQUE

A NEW CONCEPT OF ELECTRIC SCOOTER

Proudly Designed and Manufactured in Italy.

WOW 774

WOW 775

MOTOR

Motor type	synchronous and brushless	
Transmission	by belt	
Motor position	integrated in the Swing-arm	
Continuous rated power (KW)	2.5	4.0
Peak power (KW)	4.0	5.0
Regenerative Braking	YES	

BATTERY

Voltage	72 V	
Battery Capacity	Standard 32 Ah – Plus 42 Ah	Plus 42 Ah
Battery Charger	8 A	
Battery charging Time	from 0 to 100%: 4 - 5 h	from 0 to 100%: 5 h

Also available with provision for charging from charging stations (Connector type 3A)

FRAME AND SUSPENSIONS

Front Rim	16 " x 2.5	
Rear Rim	16 " x 2.75	
Front tyre	100/80 – R16	
Rear tyre	120/80 – R16	
Front brake	brake disc 220 mm	
Rear brake	brake disc 220 mm	
Combined Braking System	NO	YES
Frame	steel double cradle type	
Front suspension	Ø 36 mm shafts fork	
Rear suspension	mono shock absorber	

PERFORMANCE

Range of autonomy tested at 20°C, on mixed road and CITY driving mode	110 km with Plus Batteries; 80 km with Standard Batteries	95 km
Max speed	45 Km/h	85 Km/h

DIMENSIONS AND WEIGHTS

Dimensions	2077 mm (L) x 1167 mm (H) x 725 mm (W)	
Seat height	785 mm	
Wheel base	1423 mm	
Weight without batteries	93 Kg	95 Kg
Weight with batteries	108 -111 Kg	113 Kg

- › HEADLIGHT WITH FULL LED TECHNOLOGY
- › FAST CHARGING
- › 3 DRIVING MODES
- › 10W USB SOCKET
- › EXTREMELY LOW OPERATING COSTS
- › LONG RANGE AUTONOMY

Excellent chassis and drivability

Large “motorcycle”-type tires, excellent for safety and **drivability**. Double cradle frame, designed for maximum solidity and strength.

Electromagnetic Brake System

An **electromagnetic** brake is the alternative to the standard braking system; activated by a button on the handlebar, it allows you to utilise up to 80% of the kinetic energy to recharge the batteries.

Remote control and Reverse gear

Allows **remote** on/off switching and seat opening. Reverse gear, makes maneuvering in reverse **easier**.

50L under-seat storage space

Integrated **under-the-seat**, allows an optimal weight distribution.

Storage space will no longer be a problem.

Removable batteries

Externally located, protected by a solid **aluminum** case, can be easily removed once unlocked with the key or remote control. A charging base allows you to **comfortably** recharge the batteries either at home or at the office.

Wow! reserves the right to change specifications and appearance without further notice. The details and colors of the products shown in this catalogue may vary from the actual ones. The vehicles illustrated in this catalogue are prototypes manufactured exclusively for promotional purposes only.
